

McMurray

The Duet · Trio Seating Collection

Designed by John Kordak ©

An original sculptural form—
a harmonious composition
of object and space. Straightforward
design with a completely new look.
From the graceful double arm
to the lyrical front leg ...
an elegant new chair form.
Each aspect of the design has been
reviewed and each part equally
considered. Sculptural purity
combined with utilitarian purpose.
Design that speaks for itself.
Pure in form and clear in concept.
