

McMurray

The Nile · Luxor Seating Collection

Designed by Michael & Cecilia Kirkpatrick ©

Pure constructivist form.
The Nile and Luxor chairs represent
a geometric interpretation at the
highest level of design. Intersecting
lines that extend to form intersecting
planes. The finest craftsmanship.
Each cherry frame is available in
a wide variety of standard and
custom hand rubbed finishes.
Each chair represents a
completeness of design.
Simply a higher plane of thought.

An Award Winning Classic
